Why Try an Angel Reading  
By Annie Bathgate, ATP®

Why would anyone consider having an Angel reading? The internet is filled with psychic this and psychic that. We curiously wonder if these so called 'psychic' people live regular lives or if they float around on clouds and money just pour out of their pockets. We have uneasy thoughts of an ugly woman covered in paisley cloths and a big wart on her chin pulling out tarot cards and foretelling your gruesome death.

This is NOT what Angel readings are all about. Angels bring feelings of hope and peace, for throughout time the Angels have always been messengers of God's great love for us. They are present in many religions and the topic of Angels brings the concept of peace to many. Angels are representatives of our Loving God and they surround us and protect us in our lives. They are happy to assist us with any problem, big or small.

We pride ourselves in being able to handle everything, all of our challenges and issues in the home and at work. But the truth is that sometimes we don't know what to do. We do feel lost and abandoned, particularly when a familiar problem comes our way. It's the same old issue once again, and we are embarrassed to confide in our best friend or mother that we picked up smoking again, that we can't stop having a relationship with the married man or we ate another whole box of chocolate chip cookies last night by ourselves

Here is where an Angel reading would be helpful. Here are some following reasons why they are enlightening to our problems:

1. **You feel stuck in a problem.** No matter what you do or what you try, you continue to have the same problem over and over again. Sometimes you need to experience some Divine inspiration in your life.
2. **You feel alone in a problem.** You are never alone, but you sure do feel that way. No matter what you have done, the problem remains and you feel overwhelmed and lost, because nothing you do makes a difference.
3. **You feel alone in your spiritual connection.** You cannot connect with the concept of a loving God who would never leave you alone and would want to support you and protect you.

4. **You want to increase your intuition.** You want to connect with this consciousness, to pick up on how you can make your life more successful and more exciting. You want to feel loved in the universe and you want to live at happy lives.
  
5. **You want to receive positive ideas.** Some advice from close friends can be negative and not helpful. The Angels always give positive loving advice and baby steps to help you along the right path for you.

Receiving an Angel reading is a gentle, healing way to connect with your Angels and loving Higher Power. You'll be able to have an idea of what you need to do and where to go. You can breathe a little easier knowing the Angels are with you, validating your experience and supporting you in this journey. You'll rest knowing you aren't alone and you are very loved.
